PROJECT

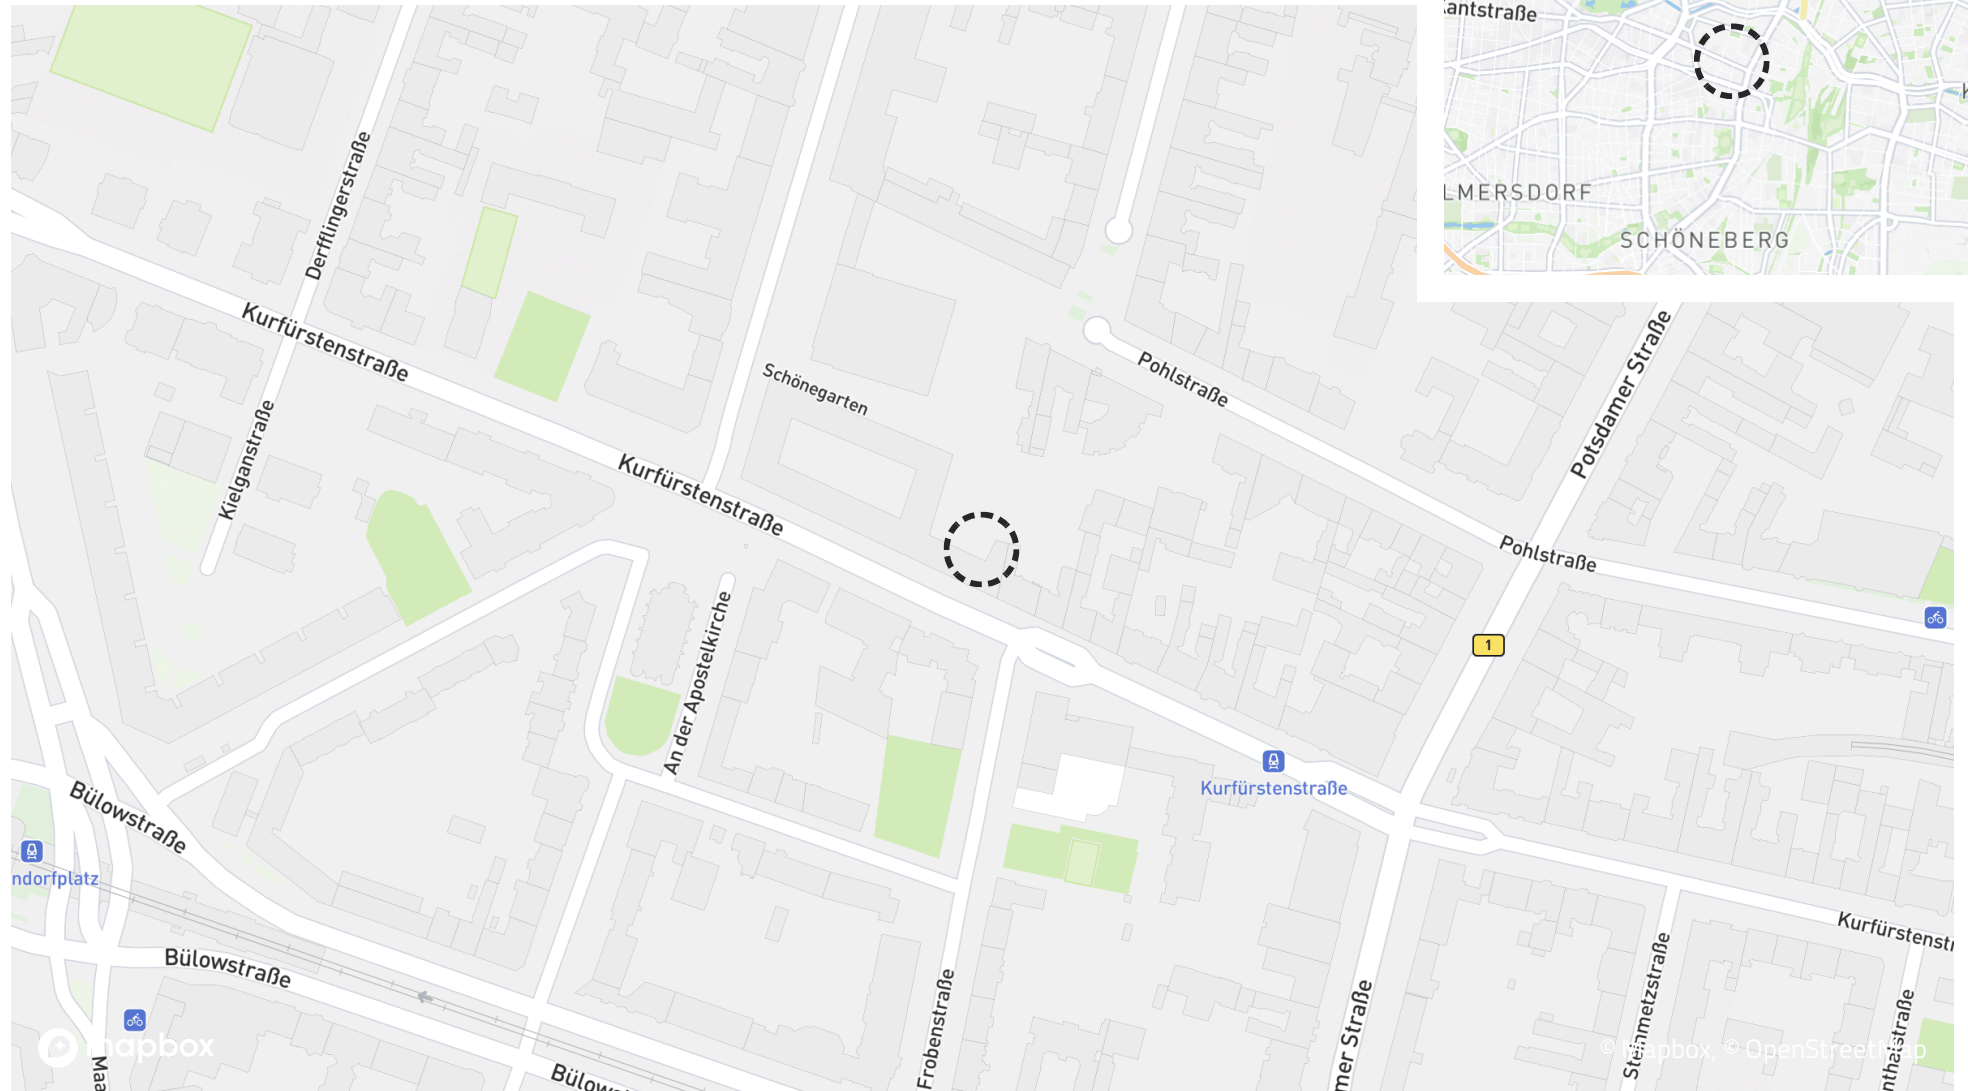

The recently completed townhouse ensemble THE KURFUERST is located in the sought-after Berlin-Tiergarten district and fits harmoniously into the diverse and vibrant neighborhood architecturally. In the middle of the new building ensemble, an inviting, green courtyard garden has been created that offers relaxation away from the hectic city life. High-quality materials in warm colors emphasize the timeless furnishings of all condominiums. Light wall colors without additional decor, oak parquet in all living areas and high interior doors create a spacious feeling and a clear and cozy living atmosphere. The use of timeless materials also continues skilfully in the bathrooms. These include large-format gray tiles in wall and floor areas as well as restrained bathroom elements and fittings with clear geometric shapes.

LOCATION

THE KURFUERST is located in the Berlin-Tiergarten district. The direct trendy location combines a diverse environment with the practical advantages of a very central residential area. The location is absolutely unique: Located on the border with Berlin-Schöneberg, and therefore in close proximity to Kurfürstendamm, it connects City-West with the city center Potsdamer Platz and Alexanderplatz. At the same time, the neighborhood leaves nothing to be desired for scene lovers, art lovers and culinary enthusiasts. Numerous nearby green spaces invite you to enjoy leisure activities and relaxation, and not just on weekends. The infrastructural conditions and connections to public transport can be described as optimal.
