PROJECT

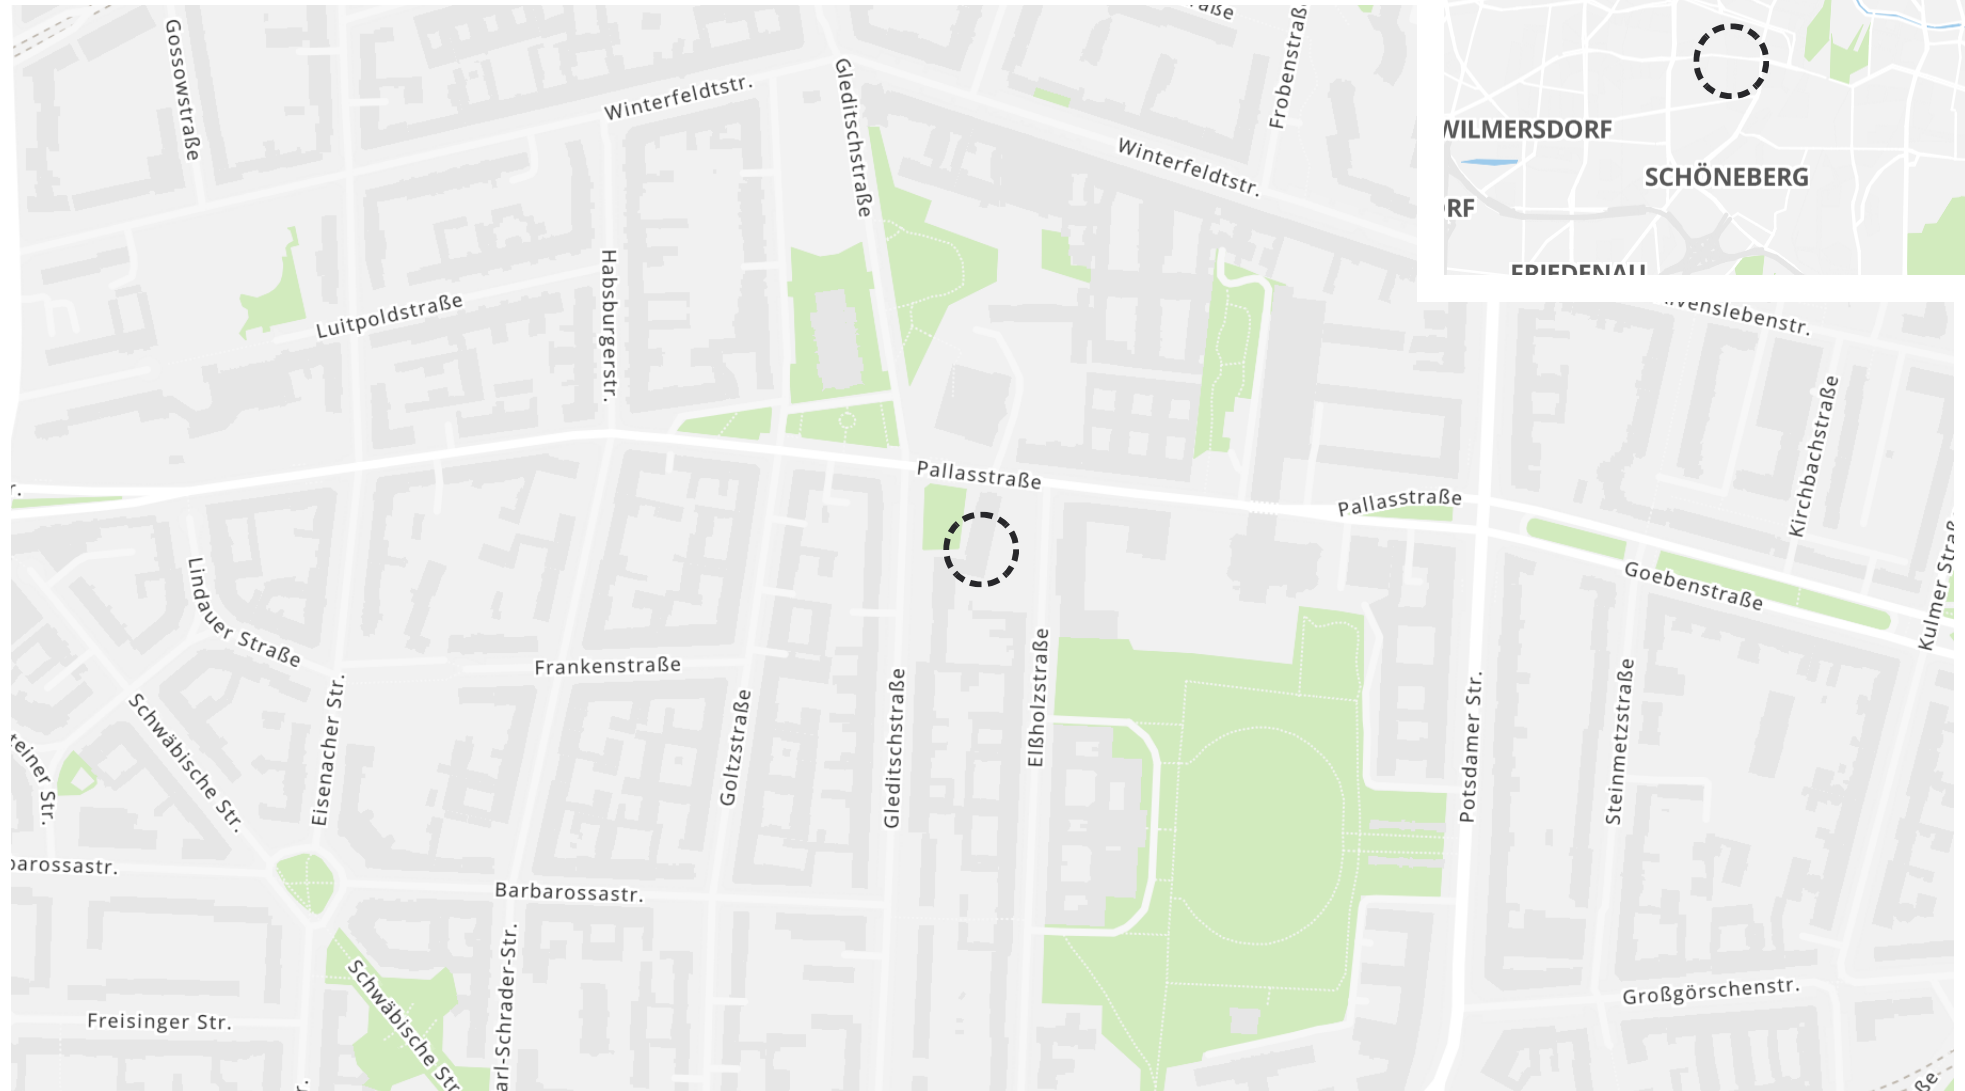

AM WINTERFELDT is in a sought-after location in Berlin-Schoeneberg. With great attention to detail, the new building ensemble with its classic elements of the Berlin townhouse style and modern structures successfully blends into its surroundings. Clearly structured facades and harmoniously coordinated facade materials underline the representative character of the ensemble. AM WINTERFELDT is divided into seven slightly separate buildings, each with its own entrance. In total, the new building ensemble offers 219 exclusive condominiums whose floor plans offer a contemporary interpretation of individual needs for modern living. This includes a 2,653 m² green courtyard as well as 79 parking spaces, 400 bicycle spaces and storage rooms for strollers in the basement. High-quality materials in warm tones emphasize the timeless furnishings of all condominiums. Light wall colors without additional decor, oak parquet in all living areas and high interior doors create a spacious feeling and a clear and cozy living atmosphere. The use of timeless materials is skilfully continued in the bathrooms as well. This includes large-format gray tiles as well as restrained bathroom elements and fittings with clear geometric shapes.

LOCATION

The new building ensemble with its 219 condominiums is in a sought-after location in Berlin-Schöneberg, one of the most diverse districts in Berlin. Seamless, harmonious contrasts from trendy neighborhoods with bars, clubs and pubs to family residential areas characterize this district. Winterfeldtplatz and the surrounding residential area with its small boutiques, shops, cafés and restaurants create a lively and charming neighborhood character. Spacious green spaces in the surrounding area invite you to linger and relax. Smaller shops in the neighborhood and the quick-to-reach Kurfürstendamm offer the opportunity to conveniently carry out small and large everyday errands.

NOTES

Shown illustrations and visualizations (interior and exterior views) may deviate from actually planned or executed structural work (walls, windows, doors, floor and wall coverings, facades, colors, roofs, balconies and terraces, plants, etc.), and do not constitute any guarantee of properties in their representation. The floor plans shown are schematic floor plans from which no exact dimensions can be derived. Graphical representations may deviate from the actual condition (wall thicknesses, door details, arrangement of sanitary objects, etc.). The furniture shown is only included in the purchase price if it is described as part of the purchase contract.
